Special Education

Adaptive Education: Special Programs for Art, Music and Physical Education Educators

FROM: Current Catalog Web Pages: http://catalog.uwec.edu/undergraduate/education-human-sciences/special-education/

To: Delete Art 300 or Art 304 from required courses.

Add UEC 322 or SPED 423 to required courses to replace Art 300 or Art 304

Rationale: Art 300 and 304 have not been taught for the past three years. There is still a need for art majors to add adaptive art certification. UEC 322: Inclusive play and Sensory Exploration in Early Childhood Education and SPED 423: Characteristics and Interventions for Young Children with Low Incidence Disabilities provide excellent opportunities for students to learn how best to adapt materials to children with special needs. The options listed above will fulfill learning outcomes of certification.
